

PISANI & RICKERTSEN GMBH

Hamburg - Istanbul - Giresun

About

The trading company PISANI & RICKERTSEN was founded in Hamburg in 1905 and is one of the leading suppliers of natural and processed hazelnut kernels.

We operate hazelnut cracking factories and a factory that manufactures processed hazelnut kernels (www.progida.com.tr) in the centre of the Turkish hazelnut producing region.

As a reliable and experienced partner, we provide you with competent advice at the procurement stage and on all issues relating to the industrial use of the product.

We look forward to your contacting us and will be glad to inform you about our range of products and services.

PISANI & RICKERTSEN GMBH

Organic

Demand for hazelnut kernels and for processed hazelnut kernels made with hazelnut kernels from controlled organic production is increasing steadily.

That is why, over the past few years, we have cooperated with Turkish hazelnut producers to develop a joint project for the production of hazelnut kernels from controlled organic cultivation. The farms involved are advised by specialists and examined regularly. The samples taken from there are examined by an independent food laboratory.

Our company is entitled to carry the organic seal of quality in accordance with the EC Regulation on organic cultivation.

If you are interested in being supplied with our organic hazelnut kernels, we take pleasure in informing and advising you.

PISANI & RICKERTSEN GMBH

Quality

Total quality management and food safety (HACCP) are a matter of the highest priority for us. Our production processes and products are certified in accordance with the following standards:

IFS 5.0 - Higher Level

Standard for the examination and certification of processes for ensuring safety, quality and conformity in food production.

ISO 9001:2008

General quality management system for all the processes within a company.

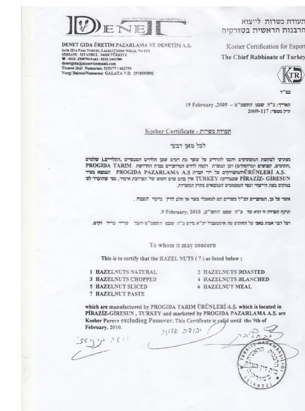

ISO 22000:2005

Management system for food safety.

KOSCHER

Certification of products which are manufactured in accordance with the Jewish religious rules for the preparation of meals.

Inspected kernels passed & stored
Inspected kernels passed & stored

In 2009, the authorized BCS Inspector, visited the operation and carried out the annual inspection
on all levels in the country of origin, Turkey.

BCS is an EU-recognized inspection and certification body, accredited by BAP according to EN 45011 for
EU Regulation No. 854/2007 and GSO/ULCAP.

The Master Certificate does not constitute any guarantee of product quality, since inspection and
certification criteria only refer to EU Regulation (EC) No. 1831/2003 and EC) No. 853/2004. It is only
to confirm the organic origin.

The certification is the result of selective inspection events. It is the certificate holder who is
responsible for the permanent compliance of the above-mentioned standards. In case essential
conditions of this certification should not be fulfilled, the certification may be cancelled and the
certificate has to be returned to BCS.

This certificate is no trade certificate and is valid as original only. Copies have to be marked as
such. For sales into the EU, individual transaction certificates have to be issued. The organic
production may be indicated on products imported from third countries to the EU only after the
responsible authorities authorized the import.

Numbering: 377/agus, 2009 Certificate valid until: 31st March, 2010
